

6th January 2020

Keyworkers

Dear Parents,

Thank you for your patience whilst we diverted our attentions this week from Monday's finalisation of plans for the return of all pupils this week, to Tuesday's planning to preparing rotas and procedures for key worker and vulnerable pupils returning today, together with remote learning for those working from home. Thank you for the many positive and encouraging messages from many of you who sympathised with the enormity of the task! Thank you also for the many supportive comments from you that I received from those of you that I greeted this morning.

It was lovely to see many of your children coming into school today and when I went round everyone seemed to be settling back well. The aim for this Lockdown is to try to twin the learning at home with that in school as much as possible going forward. We will be continually evaluating how we will best do this and will keep you informed.

I just have two quick updates for you today.

Lunches

Our kitchen have put together a special menu for packed lunches which can be easily transported around the classrooms which you may wish them to provide for your child. The menu is attached with this communication and comes into effect on Monday 11th January (week 2).

The choices for the remainder of this week are:

Thursday 7th January 2020 – Sausages in a Bun or Cheese Roll

Friday 8th January 2020 – Ham Roll or Pizza Slice

Children, including Reception children, will be offered the meal choices in the morning.

PE

We are still finalising our timetable but children in Years 2, 3 5 & 6 should come to school in their PE kit tomorrow please (Thursday 7th January 2021).

I wish you all the best for the new term.

Kind regards

Mr Farrugia
